

# Pass a law to allow breaking the law! Constitutional or Unconstitutional

Texas Property Code 51.0001

(4) "Mortgagee" means:

1. (C) if the security interest has been assigned of record, the last person to whom the security interest has been assigned of record.

Would the adding of a word make the law constitutional?

Would the adding of a word cost anyone money?

Would the adding of a word see public and private law equal?

2. (C) if the security interest has been assigned of record, the last person to whom the security interest has been [lawfully][added word by emphasis] assigned of record.
