

How to Profit by Devilish Deceit

So Long as Z is less than or equal to Y, Sustainable

$$Z = (\text{Volume} \times \text{Mass})$$

$$[Y = \text{structural limit}]$$

Driving out on a bridge and explain in lawman's term what many still do not understand. *Facts reveal that there is only approximately 500 billion of U S Dollars in printed circulation. To unlawfully print U S money is a crime under U S law. Most all other countries have similar laws in place.*

A bridge is only as sound as its design and construction. Where a bridge is limited to 100 vehicles at any given moment, forwarding in time would reflect that more than 100 vehicles could safely cross the bridge in any given year. Where it takes a vehicle 1 hour to cross, mathematics can be used to calculate the total for a year or decade.

Volume

100 per hour - 2,400 per 24 hour day - 876,000 per year

As time is fluid, we shall execute a snapshot in time limited.

K="One" minute.

As volume per hour is limited, the only variable available to allow for increase is that of mass. In this example of origination, the bridge was calculated to handle a vehicle that has a mass of "One".

Mass

100 per hour - 2,400 per 24 hour day - 876,000 per year

Extrapolating the tangible support base of the bridge, the bridge can handle a volume of 1.666 at K.

Were the Intangible Stock Market increases in volume, such increase in volume would require the mass to be reduced so that the equation remains in balance.

To increase both the Volume and the Mass, as the financial markets did, the sum would exceed the design value of Y (Available Money over time).

Exceed Y, failure imminent.

Simple mathematic calculations of the current Intangible Stock Market would reflect that Z has a value greatly exceeding design limit Y.

Appears the FED, ECB, IMF and all the others are attempting to support a bridge that is failing/has failed as design limits have been surpassed.

Not hard to calculate rate of collapse for any value of Q {2,4,8,16,32,64,128,256, etc...} once Q (Intangible Value) is established.
